SWEET UNDERGRADUATES

Wheel in From Salem Academy Yesterday.

A merry party of young ladies from Salem Academy, under the chaperonage of Principal and Mrs. Clewell, rode into the city yesterday just at sunset, to the much tinkling of bicycle bells and much wondering on the part of homeward bound pedestrians as to where the up-to-date cavalcade hailed from.

The party left Salem yesterday at eleven o'clock, dined at Kernersville and rode leisurely on to Greensboro.

There were no serious casualties and the girls voted the trip just "perfectly lovely" although all the fair riders but two rode for a fall on the way down. The girls said the worthy principal was not more fortunate in that particular.

The young ladies stopped last night with Miss McDonald and the Misses Thomas of this city who are at the Academy this year. Today at noon they left on their return trip followed by regrets that the departure came so soon and by wishes in plenty of bon voyage.

The party was composed of Principal and Mrs. Clewell and Misses McDonald, Ethel and Jessie Thomas, Scriber, Sydnor, Pruden, Floyd, Clark, Lehman, Gupton, Read and Johnston.

INSURGENT VICTORIES DENIED.

Spanish Officials Explain Why Gen. Sanguilly Goes to Cuba.

Madrid, Nov. 10.—It is officially announced that there is no truth in the report, emanating from insurgent sources, that the insurgents have captured the towns of Holguin and Mayari, in the province of Santiago de Cuba.

It is said here that the return of Gen. Sanguilly to Cuba is due to the insurgents threatening to deprive him of his rank unless he reappears in Cuba.

THE CHRYSANTHEMUM SHOW.

The Finest Collection Ever Exhibited in this City.

The chrysanthemum show in the McAdoo building on East Market street, conducted by the ladies of West Market street church, is composed of the finest collection of "autumn's loveliest blooms" which it has ever been our pleasure to look upon.

A TELEGRAM man visited the exhibition today and was carried through a veritable paradise of the most beautiful, fragrant and most tastefully arranged display of chrysanthemums he has ever seen. The blooms are extra large and the committee cannot be too highly complimented for the artistic arrangement and the charming and pleasing manner in which the colors are blended. This committee is composed of Mrs. J. H. Weaver, chairman; Mrs. J. J. Stone; Mrs. G. W. Whitsett; Mrs. L. W. Crawford and Mr. Will Trotter.

There are a number of prizes offered for the finest collections, varieties, etc., which will be awarded tomorrow.

The dining hall in the rear of the flower display is almost as pleasing to the eye. The tables are beautifully decorated with flowers and gracefully presided over by lovely, smiling and bewitching young ladies. The bill of fare is complete and fit for kings and lords.

If you haven't been, go; and if you have been, go again; open tonight, tomorrow and tomorrow night. Encourage these good women by your presence and your—well you can't help smiling smiles of pure delight when you see the lovely sight they have prepared for you.

Are you hungry? go and get all you can eat. Regular meal of chicken, ham, chiken-salad, turkey, cranberries, celery, pickles and—well, if you are hungry this is enough to tell you—all for a quarter of a dollar.

Tomorrow we will publish a list of the successful competitors for the various prizes. In the meantime go to the show, gaze on the prettiest sight you ever saw, patronize the dining room, help a good cause with the the small price charged and make glad the hearts of the good women who have worked hard to make the show a success, and let them feel that their labors have not been in vain.

Autumn's Loveliest Blooms.

The price for admission to the Chrysanthemum show will not deter any lover of the beautiful from attending that fine display of autumn's loveliest blooms which the ladies are arranging in the McAdoo building on East Market Street, and which will be open on Thursday and Friday, during both day and evening.

Admission to the show is only 10 cents for each time or 25 cents for a season ticket; children under twelve years 5 cents.

In connection with the flower display the ladies will serve a variety of refreshments, such as oysters stewed or fried, with coffee for 25 cents; a regular dinner or supper of chicken, ham, chicken-salad, turkey, cranberries, celery, pickles etc, and coffee for 25 cts. Varieties of ice cream and cake at the usual prices.

Surely these combined attractions ought to draw even the busiest of our people around to the chrysanthemum show to delight the eye and to refresh the inner man with such tempting viands.

Mocksville Postoffice Robbery.

The safe-blowers only left Postmaster Morris six dollars in one and two-cent stamps. He sent to Salisbnry yesterday for these denominations. It is stated that an old man, who repairs stoves, who was driving a one-horse wagon, and another man with him are the suspects. They left word at Mocksville that they were going to Salisbury and the authorities there are on the lookout for them. The chief inspector of postoffices has been wired at Washington of the robbery.—Winston Sentinel.

Kronberg Company.

The Kronberg Concert Company will appear at the Academy of Music here on the 16th of this month instead of the 17th as heretefore announced. Tickets on sale the balance of this week at Gardner's drug store at 50 cents. After this week tickets will be sold at 75 cents. Better buy now.

This company is represented as giving a high class of musical concerts. Greensboro has a reputation for music loving people and we look for a full house on the 16th.

Two New Cases.

By Wire To THE TELEGRAM.

New Orleans, Nov. 11.—Two new cases of yellow fever and one death reported to the board of health this morning.

THE OTTOMAN IS SLY.

Said The Greeks Had Again Crossed The Frontier.

BUT IT WAS ONLY A FAKE.

And Was Intended to Influence Peace Negotiations--Man Reported as Murdered Turns Up Alive.

By Cable to THE TELEGRAM.

Vienna, Nov. 11—The dispatch sent out from Constantinople saying that Greeks had again crossed the Thessalian frontier between Disk and Demenick has not been confirmed. The dispatch stated that the Greeks were fully armed but were repulsed by the Turkish troops with the loss of many killed and wounded and a number of prisoners taken. The Turks were also reported to have captured one hundred and fifty Gras rifles and 170,000 cartridges. This report has been proved untrue and it is now claimed that it was issued at the instance of the Sublime Porte with a view to affecting the peace negotiations between Turkey and Greece.

M'LAUGHLIN NOT MUREERED.

Uniontown, Pa., Nov. 11.—Frank McLaughlin, the butcher who was supposed to have been murdered last Saturday night, turned up today at Burgess Maloney's office in New Haven.

McLaughlin's appearance created a great sensation, as the body of a man supposed to be McLaughlin was buried yesterday.

The murder is now more of a mystery than ever and the officers are all at sea.

PERU WANTS RECIPROCITY.

The Minister Broaches the Subject at the State Department.

Washington, Nov. 11.—Peru has taken steps to secure whatever advantages may be reaped under the reciprocity clauses of the new tariff act.

The minister from that country, Dr. Don Victor Eguiguren, with his secretary of legation, called at the department of state today and broached the subject to Secretary Sherman and to Assistant Secretary Day.

Mr. Kasson, who is specially charged with the conduct of the negotiations touching reciprocity, was called into consultation, and in a short time the initial steps had been taken to formulate a basis of agreement between the United States and Peru upon a reciprocity scheme.

A large amount of work is involved in the negiations, as it is necessary to go over tariff statistics and general trane figures, so that it may be some time yet before the matter is brought to the point of agreement.

KNOCKED OUT ZEIGLER.

It Was Accomplished by a Salor-Plexus Blow.

By Wire to THE TELEGRAM.

San Francisco, Nov. 11.—George Green, of this city, knocked out Owen Zeigler, of Philadelphia, in the first round last night.

It was done by a solar-plexus blow. Zeigler wants another bout with Green.

Bismarck Slightly Ill.

By Cable to THE TELEGRAM.

Fredrichsruhe, Nov. 11.—The published reports in the United States of the condition of Prince Bismarck have been slightly exaggerated. He has only a slight attack of facial neuralgia, otherwise his health is better than usual.

A Pretty Display.

The Greensboro Seed and Plant Companp has a beautiful display of cut and potted flowers in the Hotel Morton building. There are chrysanthemums, roses, violets and carnations all those things that make the heart of the flower lover to expand and be exceeding glad. Some of the varieties are new and exceeding beautiful.

THANKSGIVING PROCLAMATION.

Governor Russell has Appointed the Twenty-fifth, Instant.

The signal and abundant blessings of the Sovereign Ruler of nations throughout the year now closing declare the liberty and impose the duty of setting apart a special day for praise and thanksgiving.

In addition to His many mercies, our State has been spared strikes, disasters, contagious diseases and internal strifes; our people have been blessed with bountiful harvests; many of them with peaceful and happy homes and they have been vouch-safed progress in the promotion of education and the full preservation of their religious freedom, and, to some extent, the retention of their civil and political liberties as citizens of the Republic.

Therefore, I, Daniel L. Russell, Governor of the State of North Carolina, in conformity to a time-honored custom, do designate and appoint Thursday, the 25th day of November, 1897, as a day of public Thanksgiving; and I do exhort all good citizens to assemble on that day around their firesides or at their several places of worship and there remember "the giver of every good and perfect gift," and render unto Him their praise and gratitude for "His goodness and mercy" which "endureth forever;" and beseech of Him an oversight and guidance that will enable us to be more worthy of the manifold blessings already enjoyed and of those which, through His loving kindness, He hath in store for us; not forgetting the poor and the needy, the sick and the afflicted, and those who may be oppressed or deprived of equal opportunities by such of their fellowmen as may be in possession of privileges and prerogatives that are not consistent with the fundamental principles of free government and are not sanctified by the laws of God.

Done at our city of Raleigh, on this, the ninth day of November, in the year of our Lord one thousand eight hundred and ninety-seven, and in the one hundred and twenty-second year of our American Independence.

DANIEL L. RUSSELL.

JOE E. ALEXANDER,
Private Secretary.

"ROMANISM IN THE NAVY."

Capt. Barker Denies the Truth of Religious Newspaper Stories.

Washington, Nov. 10.—Capt. A. S. Barker, commanding the Oregon at San Francisco, has written to the Secretary of the Navy denying the truth of articles in the Herald and Presbyter and other religious newspapers. The article in the Herald and Presbyter is entitled "Romanism in the Navy." In this and the other articles it was stated, on the authority of a minister of unquestioned standing, that on Good Friday Catholic services were conducted on the Oregon by a priest; that an order was issued forbidding the eating of meat on that day, and that thirty-four officers and men were punished for refusing to salute the priest as he left the ship. Capt. Barker says that the report, which has been widely circulated, is a lie "from top to bottom."

MONEY FOR NICARAGUA CANAL.

Suggested for Use of Funds Coming From Union Pacific.

San Francisco, Nov. 10—The trustees of the chamber of commerce have adopted a resolution asking the United States government to set aside the money obtained from the payment of the debts of the Union, Central and Kansas Pacific railroads, the fund to be applied to the construction of the Nicaragua canal.

The government is also asked to establish a patrol of the Yukon river and to station two additional artillery regiments at San Francisco.

Havemeyer Comfortable.

By Wire to THE TELEGRAM

Stamford, Nov. 11.—H. O. Havemeyer is very comfortable today and his complete recovery is looked for in a few days.

Stanburg's Cultivated Oysters.

The Hotel Clegg received two gallons of these large, fat, juicy oysters this morning. They are the largest ever seen in this city. Mr. Clegg at once sent them to the flower show, to be served for the benefit of the cause. If you want the finest thing you ever tasted in the oyster line, stop in at the flower show and ask Mrs. Tatum for some of those big oysters.

Plenty to Eat.

Go to the flower show tonight and patronize the dining room for supper. Plenty to eat—an abundance of good things.

THE GULDENSUPPE HORROR

Creeps Slowly Through The Courts.

ONE OF THE JURORS FALLS ILL.

Sheriff Has Thorne's Person Searched for Poison-He Will Swear Against Mrs. Nack When Put on Stand

By Wire to THE TELEGRAM.

Long Island City, Nov; 11—District Attorney Young decided this morning in view of the serious illness of Juror Larsen that the trial will not be resumed today. Court formally met but adjourned until nine o'clock tomorrow morning.

The jail force was thrown into a panic this morning when a message came from Sheriff Doht saying: "Search Thorne immediately: he is said to have poison on on his person." It was feared that Thorne would commit suicide. At night he is very uneasy and walks most of the time.

Thorne this morning with the advice of his lawyer told his story regarding the Guldensuppe murder. He says that Mrs. Nack planned, plotted and accomplished the murder. He declares that she suggested the actual murder, hired the house and shot Guldensuppe with the revolver shown her in court yesterday. She undressed the body and cut it in four pieces.

Thorne will swear these facts on the witness stand when court reconvenes. He says he helped her only to keep her out of trouble. Her purpose in murdering Guldensuppe was that she had ceased to love him.

The physicians who are attending Larsen, the juror, say that he is suffering with appendecitis. He is critically ill and may die. He has not been well since the trial began.

EASTERN SHORE BLAZE.

The Elizabeth City Shingle Mills Partially Destroyed.

A special to the News and Observer says:

The new shed of the Elizabeth City Shingle Mills, with the 250,000 cedar shingles it contained, was destroyed by fire last night. The loss is about $5,000 partially covered by insurance. The fire was discovered at 8 o'clock, and before the arrival of the fire company there was a big blaze. The large plants of the North Carolina Iron Works, Crystal Ice Company and the Shingle Mills' main building, with a number of private residences were in imminent danger of destruction on account of the high wind. Thousands of dollars worth of property was endangered, and but for the valiant efforts os the fire department would certainly have been destroyed. The private water works of the ice factory were instrumental in saving that property. It was fully an hour before the blaze was under control, and much longer before the shingles which were closely packed, stopped burning.

REVEALED THROUGH JEALOUSY.

Mrs. Guidry Says Her Husband Killed Gen. Harrington 6 Years Ago.

New Orleans, Nov. 10.—Six years ago the body of Gen. Harrington, of Abbeville, was found floating in Bayou Vermilion.

An autopsy showed that Harrington had been murdered, but no evidence could be found as to the murderer.

Yesterday Mrs. Horace Guidry testified that her husband murdered Harrington. She had concealed the guilt of her husband until he had abandoned her for the widow of the man he had murdered.

Jealousy prompted her action. Guidry was arrested and is now in jail charged with murder.

Butterworth Improving.

By Wire to THE TELEGRAM.

Cleveland, Ohio, Nov. 11—The condition of Butterworth today is reported as improved. He passed an easy night, and it is believed that he is on the road to rapid recovery.

Mount Vesuvius in Eruption.

Facts Worth Studying.

If the Southern Stock-Mutual pays no larger dividends than the 20 per cent. now paid, and the business increases during the next seven years in the same ratio it has increased during the last three years, the actual saving for the ten years to policy-holders in North and South Carolina will be $194,822.00, and to the policy-holders in Greensboro alone, $26,237.00. Besides this the Company's assets (reinsurance reserve and surplus) represented by still larger figures will be kept at home and invested in the state. What better investment can the public make than by upholding an institution like this?

ARE WE LAND-GRABBERS?

The press of this country has said a good deal about the land-grabbing tendencies of England. There is a wide-spread belief, more or less well founded, that England is utterly indifferent to the wishes and even the interests of the people occupying any particular patch of territory she may happen to fancy. The only obstacle that halts her policy of absorption is, we are told, superior power. Thus part of the territory of Venezuela was saved only by American intervention.

Is it settled that despite our continual abuse of England, for her greed of territory, we are not a chip of the old block in this particular? It is pretty apparent that we have an itching palm for Hawaii and Cuba. The average American does not go beyond the patent fact that we would get a material increase of territory. An increase of territory seems to him an advantage just as the acquisition of more fertile soil would seem an advantage to the farmer. He most emphatically does not look the gift horse in the mouth.

If a poll were taken on the question of the annexation of Hawaii, without making it an issue in partisan politics, it is likely that eighty per cent of it would favor that step. If Cuba were free the same would be true with reference to it. That we should run any risk or that the people annexed should be injured would hardly weigh with the majority of voters if it even occurred to them.

In the case of Hawaii it is not denied even by the government of the islands that the native Hawaiians are opposed to annexation, just as they were and are opposed to the socalled republic, which is in reality only the despotism of a clique, the tyranny of an oligarchy The native born Hawaiians compose nineteen-twentieths of the island's population yet they have practically no voice in its government. That is the Republic of Hawaii.

The oligarchy favors annexation; the native Hawaiians are opposed to annexation. Finding it impossible to get any voice whatever in their home government the natives have held mass meetings, memorialized congress and the people of the United States and will send a delegation to protest to congress, at its next session, against annexation. They declare that they "have learned with grief and dismay that the President will submit a treaty to congress whereby it is proposed to annex" the islands. This is the attitude of the vast majority of the islanders.

It remains to be seen what weight congress will attach to this protest. It is pretty definitely settled however that it will be disregarded. If it is disregarded then it is difficult to see how we shall be anything other than land-grabbers. We will have shown the same disregard for the wishes and, mayhap, the interests of a weaker people which has earned for England the name of a bully, which has isolated her from the support and sympathy of all other nations and which will ultimately cause her down-fall.

General Weyler should look forward to his obituary notices and re-read Emerson's "Compensation."

In all the reeking records of crime there is nothing more repulsive than the Guldensuppe case. A deliberately planned murder, bungled in its execution until the human heart sickens at the recital, the man who did the deed for guilty love of a woman finds himself betrayed to his death by this same woman when the law has brought him to trial. It is difficult to tell which most revolts, the story of the butchery or the frantic cowardice that urges Mrs. Nack to swear away the life of her dupe and victim in the hope of saving her own. She is only a "weak woman," it is true; let it be forgotten that she is even that.

That "murder will out" appears once more in the case of Durrant, of San Francisco, who murdered Blanche Lamont and concealed her body in the belfry of a church. There was no direct evidence to connect him with the crime and there was the absence of motive but gradually the coils were wound more closely about him until even the Supreme Court has refused to grant him respite.

Lord Salisbury's speech at the London mayor's banquet took a very gloomy view of the worlds affairs. And it is not yielding to a flight of fancy to assert that when Mr. Platt delivers himself at the inaugural banquet of New York's mayor, his views will not blush with the tints of a congested sunset.

Secretary George of the monometallic league says that his state, Oregon, is "honeycombed with financial ignorance and error" which shows Mr. George perforated in spots by some small lack of rhetorical nicety in the use of his metaphors.

The heart of the trembling dweller in Brooklyn has been made to bound with fresh hope, as of a night mare galloped off. The trolley car is not invincible. A New York Central freight punched one into smithereens.

A New York woman who has refused to speak for twenty years has gone crazy in consequence, but there is nobody in the State whose associates are of sounder minds.

Possibly those passes in the Father's pocket book were the kind certain gentlemen use when their hands will not justify a bid.

Mr. Hanna will hereafter prize the "skin of his teeth" very highly.

HARRIS' LITHIA WATER

OF SOUTH CAROLINA.

Contains More Lithia than any Natural Lithia Springs Water on the market. There are a great many so-called Lithia Waters on the market whose analysis show that they contain only traces of lithia. It seems that if you wish a Lithia Water you should examine the analysis of the waters and find out how much they contain. The analysis of Harris Lithia Water was made by the noted R. Ogden Dosemus, M. D., LL. D., Professor of Chemistry and Physics, College City, of New York. If the Harris Lithia Water is not Superior to any other water on the market, do you think that the following noted physicians from all parts of the country would give their testimonial, stating that it was? They have no interest in the Harris Lithia Water.

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

Columbia, S. C., Oct. 8, 1892. A. N. TALLEY, M. D.

Mr. J. T. Harris:—Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with Diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Others of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases. Very respectfully yours,

THOMAS S. POWELL, M. D., Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Jos. Jones, of Tulane University, of New Orleans, has to say in regard to the virtues of Harris Lithia Water:

New Orleans, La., Aug. 13, 1894.

Harris Lithia Water Co., Harris Springs, S. C.:

Gentlemen—I have used, with great benefit, the case of water sent me, and regard it with favor, being highly charged with Lithia.

Respectfully, JOS. JONES, M. D.

June 12, 1893. Mr. J. T. Harris, Harris Springs, S. C.:

Dear Sir—I have used the Harris Lithia Spring Water for the past year in all renal troubles, with prompt and efficient effect. In gouty and rheumatic troubles I consider this water superior to the Buffalo Lithia Spring water. I suffered from an attack of rheumatism for eight months, during which time I drank the Buffalo Lithia water constantly for four months without effect. In November last I had a case of Harris Lithia Water sent to me, and after drinking it for about three or four weeks, the pain and stiffness left my limbs and I have not been troubled since. I feel that I can safely recommend the Harris Lithia Water. Respectfully,

Savannah, Ga. R. B. HARRIS, M. D.

"The Harris Lithia Water is, in my opinion, unexcelled for those ailments requiring the salts it contains. THEO. LAMB, M. D.

Professor Diseases of Chest and Principles of Medicine, Medical Department, University of Georgia.

Asheville, N. C. April, 24, 1893.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty Diseases afford me more comfort than either the Buffalo or Londonderry Waters. Very truly yours,

JOHN HEY WILLIAMS, M. D.

Atlanta, Ga., April 20, 1897.

I have used for sometime Harris Lithia Water in my family, and also with my patients, and find it is the best Water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic Water.

G. G. ROY, M. D.

Charleston, S. C., Sept. 20th 1893.

Mr. J. T. Harris:—Dear Sir: I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked benefit. To any one troubled with kidney disorder, it is the remedy par excellence. I prefer it to the Buffalo Lithia Water. Very truly yours,

A. C. KAUFMAN,

President Vanderbilt Benevolence Association of Charleston, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs:

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the Rheumatic and Gouty Diatheses; in Inflammation of the Bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

Columbia, S. C. GEO. HOWE, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saline taste, rather palatable. When taken in considerable quantity, they do not invariably purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powerfully alternative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In Indigestion, Catarrh of Stomach and Gastralgia, supplemented with a proper diet they are a certain cure. The action upon the kindneys is marked. The Sodium, Potash, Soda, Lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required. Respectfully,

Waterboro, S. C., April 10, 1892. J. Q. WILBUR, M. D.

Camden, S. C., Aug 24, 1893.

Mr. J. T. Harris:—Dear Sir: I enclose you in this letter several small pieces of calculi passed by a patient of mine, who has been taking the "Harris Springs Water" for the past eighteen months. This gentleman has been a sufferer for two or three years with Cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring Water a most excellent remedy in the Uric Acid Diathesis, also in Chronic Dyspeptic troubles.

I am, yours respectfully, A. W. BURNET. M. D.

Chester S. C.

Dear Sir: For the past eight months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in Gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia. S. M. DAVEGA, M. D.

Atlanta, Ga., April 24, 1897.

Mr. J. T. Harris, Harris Springs, South Carolina:

Dear Sir: I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from Kidney and Bladder Troubles. Therefore take pleasure in recommending it. Respectfully,

JAS. F. ALEXANDER, President Board Health.

Baltimore, June 24, 1896.

J. T. Harris, Esq., Harris Spring, South Carolina:

Dear Sir: I have been using Harris Lithia Water for sometime, and I will say to you that in my opinion that the Harris Lithia Water that is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think it a most valuable remedy.

R. C. HOFFMAN, Pres. S. A. L. R. R.

Atlanta, Ga, April 20. 1897.

Harris Lithia Water Co.,

Gentlemen:—I have used Harris Lithia Water for the past two years and find it a most excellent remedy for dyspepsia and other stomach troubles. I cheerfully recommend it CHAS. M. NEEL, Pres. Ga. Military Institute.

A Fair Proposition.

We will guarantee that one glass of HARRIS' LITHIA CARBONATED WATER will relieve any case of indigestion in one minutes' time or money refunded, or if taken after each meal will cure the worst case of indigestion. You see what the noted Dr. Davega, of Chester, S. C., has to say in regard to it, and there is not a physician in South Carolina who stands higher in the profession than he does, and besides you lose nothing by giving it a trial, as our agents are authorized to refund the money to any responsible person who will not admit that he was benefited by it.

News of the Old North State.

Henry Blount lectures in Kittrell tonight on "Chow-Chow."

The stockholders of the North Carolina Midland Railroad met in Winston yesterday and elected directors for the ensuing year.

John Evans, charged with assault on Miss Lily Cole, is on trial in Rockingham. The militia are guarding him and a special venire of 300 men has been summoned, from whom the jury will be selected.

A murder was committed night before last six miles above Traphill, in Wilkes county. Norman Richardson was drinking and began abusing Estes Absher when the latter shot him, killing him instantly. The slayer escaped.

S. M. Davidson, of Charlotte, was burned to death in his house yesterday, says the Observer. It was one of the most horrible affairs in the history of the city. The cause of the fire or why Mr. Davidson failed to escape is unknown.

Mr. Jos. P. Kenion sold his farm, five miles west of town, the other day to a northern syndicate for $1,500. The farm contains about 80 acres and the syndicate that purchased it will go to work soon to get out the gold that rumor says the land contains.—Hillsboro Observer.

On August 12th, Senator Pritchard and Congressman White had a competent lady removed as postmaster at Powellsville, and a young negro woman appointed in her place. On November 4th, her brother, who was her assistant, was sentenced to jail for robbing the mails.—News and Observer.

The labor commissioner will in his report publish a list of 212 gold mines in this State. Of these he says 47 are now in operation. Apropos of gold it ought to be stated that the largest nugget ever found in this state, the Reed mine nugget, from Cabarrus, really weighed 34 pounds. Stanly county leads in production.

Colonel Olds writes the Charlotte Observer: Raleigh is, as predicted some time ago, to have three afternoon papers. Editor Daniels, of the News & Observer, says the afternoon edition of that paper will appear December 1st. C. B. Edwards, a veteran printer and publisher, assures me that in the past 27 years he knows $200,000 has been "blown in" on newspopers in this town.

Two cases which have attracted much attention, will come up before Judge Robinson this week in the superior court now in session. The first is the suit brought by the state against Stewart Bros., ex-state printers, for about $20,000, which the state claims was overpaid the Stewarts. The second is A. L. Swinson's suit for full pay for sixty days as enrolling clerk in the last legislature. It will be remembered that he was deprived of his place during the session.—News and Observer.

The United Mine Workers will appeal to Governor Tanner to prevent the importation of Chinamen to Illinois to take the places of striking coal miners.

Swallowed a Report That Had Been Tossed Over the Ship's Side.

San Francisco, Nov. 10.—The record of the captain of the schooner Lucille from Seattle never reached the Merchants' Exchange, because a greedy seagull mistook the papers for food and swallowed them.

It is customary when a vessel enters the harbor for the captain to deliver to the Merchants' Exchange messenger in a small boat a condensed account of his voyage. As the day was fine the messenger called out to the captain of the Lucille to throw his papers overboard.

As the man reached to catch them a seagull swooped down and grabbed the package in its beak. It was pursued by a score of gulls, one of which seized the package and bolted it. Then all flew screaming away, and the messenger returned without his news.

Are You Subject to Attacks of

COLIC?

If So, There is No Need to Suffer.

Mrs. Joe Person's Remedy

WILL CURE YOU

For several years I had been subject to severe attacks of cramp colic. Sometimes they would last me an hour and hardly a week passed that I did not have several attacks. I tried everything that was suggested, but found no relief. During these attacks the muscles of the arm and leg were terribly drawn and the whole body was cramped. I was advised to try Mrs. Joe Person's Remedy, which gave me relief at once, but not until I had taken two dozen bottles was I entirely cured. It was eight years ago since I took the remedy, and I have not had a touch of the trouble since.

Lindau advertises nuts today. It will not be long now until Thanksgiving Day and Lindau has many things you need in fixing up your dinner.

The Southside hardware man, R. L. Woodard, presents a new advertisement in the paper today. He has some bargains in heating stoves. Read his ad.

The wholesale grocers, W. G. Mebane & Co., are moving from Lewis street to their new and commodious quarters in the Doggett building on South Elm street.

All who have promised contributions to the "refreshment department" of the Chrysanthemum Show are requested to send them in as early as possible tomorrow morning.

We take pleasure in calling attention to the new advertisement of Mr. G. W. St. Sing, who has moved into his new shop on Davie street, two doors north of his old shop.

Did you notice that lovely basket of flowers at the Chrysanthemum Show, sent from Pomona by J. Van Lindley? You ought to take a look at it. It is only a small part, but an exceedingly beautiful one, of the big flower show.

J. R. McClamroch, of McClamroch Bros., this city, went to Carthage today where his firm has the contract for plastering and putting in the mantles in a new thirty-four-room hotel there. Their working force will go down Saturday.

The new building of D. H. Huffines in the rear of the new building occupied by S. G. Hodgin & Co., to be used as a bottling works, is going up rapidly. The building is near the C. F. & Y. V. railroad track. Thus the old burnt district is fast building up and at the present rate all traces of the fire will soon be wiped out.

W. W. Ashe, of the State Geological Survey, was here this morning. He told a TELEGRAM man that he was going up to the headwaters of Deep River to get photographs of the river head for illustrations in a paper soon to be published on the water power of the State and influence of the streams of the state on its civilization and industries.

McADoo's New Stable.

The new livery stable building being built by Mr. W. D. McAdoo on Davie street, just in the rear of the McAdoo House, is being finished. The outside work is about done and the up-stairs floor is now being laid.

This will be the best livery stable building in North Carolina. It is 60x125 feet, with a good office room in the Davie street front of the building. A walk-way for stock will be built to the second floor, and we are informed that Mr. McAdoo will use this floor for his own stock.

It Was Appreciated.

THE TELEGRAM force thanks the ladies who are managing the Chrysanthemum Show, on East Market St., for delightful refreshments sent to the office this morning. If refreshments served down at the show are like those sent up to THE TELEGRAM they need no further recommendation.

THE KRONBERG COMING.

The Norfolk Papers are Sounding Their Praises.

We are glad to note that Greensboro is again to be visited by some more big artists and our people will appreciate this fact and go to hear them, and at the same time help a worthy cause. The ladies of the Emma Gray Missionary Society of the Presbyterian church succeeded in getting the company on an off night and our people can hear them for a nominal sum. The following is taken from the Norfolk Virginian of the 9th:

"The entertainment was exceedingly pleasant, a success artistically and every other way and the management have reason to congratulate themselves upon opening the course so auspiciously. Mme. Nannie Hands-Kronberg rendered a number of difficult selections which proved the natural attractivness of her voice and its excellent cultivation. Mr. Kronberg, with his delightful baritone, is an agreeable artist as well as a favorite. Miss Marie Patterson, modestly announced as pianist, quite won the hearts of her hearers by her clever and sympathetic execution. Mr. Frank Kennedy, violinists, has succeeded by some wizzard alchemy in transmitting a large portion of his soul into music and disposing of it at so much per sheckel. Of this young artist it is not too much to say that he has never been surpassed in this section and very rarely equaled. He is a complete master of the wonderful instrument, not so much because of his thorough knowledge and technique, but rather because he becomes a part of the violin. The Kronbergs will be remembered and when they come again will be remembered."

The box sheet is at Gardner's and all who get tickets this week will get them for 50 cents reserved. The company appears here next Tuesday the 16th inst. Don't fail to hear them.

A PROFUSION OF FLOWERS.

To Be Seen at the McAdoo Building on East Market Street.

The McAdoo store has been transformed into a bower of beauty by the ladies of West Market street church, who are fortunate in the large, handsome and varied collection of chrysanthemums which have been placed on exhibition. Nothing so handsome of the kind has ever been seen in our city and it fully justifies our claim to the title "City of Flowers."

During the day and evening, both Thursday and Friday, the ladies will serve refreshments at prices that will astonish you when you see the variety and deliciousness of the viands. Music will enliven the evenings, Mr. J. B. Wright having kindly furnished a piano for the occasion. Our people cannot find a more agreeable way of spending an hour or two than by dropping in at the chrysanthemum show, at 122 and 124 East Market street. Admission 10 cts. Season tickets 25 cts. Children under 12 years 5 cts.

Attention Masons!

There will be a regular communication of Greensboro Lodge No. 76, A. F. and A. M. this evening at 7:30.

Too Strong to Carry Coal.

Many a man who is strong enough to play golf all day, or "hold out" a hundred pounds finds a scuttle of coal too heavy to lift.

The trouble is that a great deal of coal is full of slate. Slate is heavy and it won't burn.

We sell coal that's all coal. A lump of it is lighter than a lump of slatey coal and there's a heap more heat init,

The Home of Fashion.

Men of fashion find our stock replete with nobbiest importations. Clothes are the outward expression of your taste. "Costly thy habit as thy purse can buy, but not expressed in fancy; rich—not gaudy, for the apparel oft proclaims the man." The truth is always the strongest argument. Pleasing our patrons makes life pleasant for us.

A Good Combination:

WEAR The looks of clothing may be a temporary availment, but if good service be not with them, they'll never please you.

FIT A poor fitting garment, no matter how the material, should not be worn by an up-to-date dresser.

STYLE A suit needs this to catch the eye and aid you in appearance.

PRICE Uniting the foregoing elements in clothing to sell at prices to suit the times is just exactly what we are doing.

A Taste of Winter.

Soon you will need something heavier in the furnishing line. Remember that while summer was here we were looking after your wants. All you have to do is to come see how well we have provided for you. With us you will find everything up-to-date. Not yesterday, but today, tomorrow.

Liberality and fair dealing, good merchandise and moderate prices, have been the corner-stone of our success.
